

PRESS RELEASE**Export Nova Scotia Announces New Alliance Partner:
Adams Consulting & Management Group**

HALIFAX, NS, Canada – November 15, 2010 - Export Nova Scotia Inc. (ExportNS), a Halifax based Canadian solutions integrator that helps Caribbean countries improve and transform their public sector services by providing best practices, proven technology solutions and innovative products, sourced from the Canadian public and private sectors, announced today the addition of a new partner company, Adams Consulting & Management Group (AC&MG), in its Alliance Program.

“Proven project track records, dynamic and mature in-market expertise, politically savvy and friends of the Caribbean are just some of the descriptors of ExportNS’s Alliance Program’s newest partner, the Adams Consulting & Management Group,” said ExportNS President David Gough. “We are extremely delighted that AC&MG, with its substantial Caribbean knowledge, successful experiences and public sector relationships have joined our Program. The addition of its polished principals, Dr. Wayne Adams and Bill Porter, will mutually benefit our Caribbean clients and our other Canadian partners as we continue our Caribbean transformation efforts. We are honoured to have AC&MG as part of our growing Alliance team!”

“We are very excited with the ExportNS Alliance Program as this will strengthen our Caribbean participation. We have strong beginnings with good relationships in the Caribbean region and look forward to collaborating more on transformational projects,” said Dr. Wayne Adams, CEO of AC&MG. “Citizens in the end benefit from the expertise that private and public sector organizations receive through definitive projects geared towards transformation.”

NEW ALLIANCE PARTNER***About Adams Consulting Management & Consulting Group***

Adams Consulting & Management Group consults in Government Relations, Human Resource Development, Renewable Energy Systems (Environmental), and Public and Private Policy Development. AC&MG has access to major U.S. decision makers as partners for Atlantic Canadian Companies; access to U.S. alliance partners who would need Atlantic Canada technology or can integrate it into their product lines. AC&MG has the capacity to foster product development, commercialization, and intellectual property acquisition and technology transfer. Visit www.adamsgroup.ca

About Export Nova Scotia

Export Nova Scotia (ExportNS) is a Halifax based Canadian solutions integrator that helps Caribbean countries improve and transform their public sector services by providing best practices, proven technology solutions and innovative products, sourced from Canadian public and private sector suppliers.
