

## **PRESS RELEASE**

### **Export Nova Scotia Grows its Trusted Transformation Solutions Network via the DEFSEC Conference in Halifax**

HALIFAX, NS, Canada – September 9, 2010 - Export Nova Scotia Inc. (ExportNS), a Halifax based Canadian solutions integrator that helps Caribbean countries improve and transform their public sector services by providing best practices, proven technology solutions and innovative products sourced from Canadian public and private sector suppliers, announced its continuing pursuit of high value trusted transformation solutions by its attendance at a premier Halifax security event.

As Caribbean governments increase their requirements for proven and sophisticated technical solutions to enhance the security and governance of their citizens, ExportNS is supplementing its substantial network of available solutions by attending the annual DEFSEC Atlantic defence and security exhibition in Halifax. [DEFSEC Atlantic](#), showcases best-in-class defence and security solutions from global prime contractors and regional suppliers. ExportNS will be represented by its President, David Gough, at DEFSEC.

"Many of our Caribbean governments are seeking advanced technical solutions to protect and secure citizens," said Gough. "We are pleased to be able to facilitate the supply and integration of private sector solutions as standalone systems or integrated with solutions from our Canadian public sector partners to satisfy their needs," added Gough.

"Caribbean governments have real world and real-time requirements that can be satisfied by many of the DEFSEC exhibitors, many of whom are eager to work with ExportNS in providing trusted information solutions throughout the Caribbean. We are truly excited about adding some of these professional suppliers to our Alliance Program in the near future to allow us to expand our range of solutions in the Caribbean," adds Gough.
